## RFP - Vacancy Prep Unit Turnover 2024-2025

### 1.0 REQUEST FOR PROPOSALS

Asbury Park Housing Authority (APHA or the “Authority”) hereby solicits and requests quotes from qualified contractors to provide Vacancy Prep Unit Turnover Services. This request for quotation is not an offer to buy and should not be assumed as such.

### 2.0 SCOPE OF WORK (SOW); TECHNICAL SPECIFICATIONS (T/S):

The Asbury Park Housing Authority is seeking proposals from qualified, licensed and insured entities for Vacancy Prep Unit Turnover Services. A contractor is needed to assist in turning over an estimated 50-75 units each year for new tenants. Any contract awarded will be awarded for a term not to exceed 1 year unless the option to renew for one (1) additional year is exercised by the Board of Commissioners. **Time is of the essence and quick turnover on these units is critical.** Unit turnaround should be within 10 calendar days or less, which includes coordinating the pest control services of each unit with authority staff unless otherwise mutually agreed upon. For the purpose of this proposal, “Calendar Day” shall include working Monday through Friday excluding weekends and holidays unless it is deemed in the best interest of the Authority to allow weekend or holiday work.

It is the intent of the Authority to award a contract to provide Vacancy Prep Unit Turnover Services. The winning contractor must be available on an as-needed basis to provide complete make ready services which include: Janitorial Services, Maintenance, Perimeter Finishing and Painting. Trash removal will be completed by APHA prior to the make ready service. Proposers must submit a proposal based on all of the services.

The Contractor will be notified by the Maintenance Supervisor when a unit is ready for turnover. The Maintenance Supervisor will issue a task order and provide the scope of work to the contractor before work is to begin. Once the Contractor is notified, he/she is to start the unit turnover no later than noon the next day and must complete the unit within ten (10) calendar days. This includes completing any punch list items and passing a final inspection. The task orders may be issued at any time during the term of the agreement and the assignment of work projects will be made solely at the discretion of the Authority. Should a contractor be assigned more than one task order at any given time, the Contractor is still responsible for completing each unit in the 10 day timeframe and not in addition to. For example, if a contractor has one three-bedroom unit to turn around and accepts another three-bedroom unit on the same day, the total time to complete both units is ten days and not twenty.

The Authority seeks a formal response from Contractors as to qualifications and experience to perform assignments within the Scope of Services. The contractor selected by the Authority will be required to follow the Authority policies as specified in this RFP and Contract. Regular communication with the maintenance supervisor is critical to the contractor’s success. Contractors should never assume anything and should never begin work on a unit until receiving a task order and scope of work.

## RFP - Vacancy Prep Unit Turnover 2024-2025

### 2.1 Services to be Provided

The services being requested for a complete make ready will occur in four phases. However, at times the Authority may choose to select only one, any combination of, or all services to be performed by the contractor(s) at its sole discretion if it is in its best interest to do so. The four phases included in a complete make ready are as follows:

- Complete Make Ready
  - Janitorial Services
  - Maintenance
  - Finishing the Perimeter
  - Painting

### 2.2 Trash Removal

Trash Removal becomes necessary when residents move out of a unit and leave behind trash and personal belongings that must be removed prior to the Unit Turnover taking place. Trash removal is inclusive of sheds, garages, basements, storage units, and yards. **Trash removal services are not included in the complete make ready services but, if needed, will be billed based on the amount included in the contract pricing.**

If a unit needs to have furniture or trashed removed by the contractor, the contractor selected to complete the make ready will be responsible for removal and disposal of the items in a timely manner. The manager and contractor will together make a determination of the trash removal level and the amount of time the contractor has to remove the items from the unit with the manager having the ultimate authority.

**2.2.2** Trash removal is simply to remove and properly dispose of all designated trash from the unit. Trash removal includes but is not limited to items left inside cabinets and closets.

- Vendor shall provide any trash bags or other supplies for the process.
- Bulk and bagged items (furniture, mattresses, box springs, etc.) must not be left at any resident trash areas. All bulk debris must be removed to the APHA bulk container currently located at Lincoln Village.
- Proposers are cautioned against over filling vehicles and shall properly tie down all items to prevent injury or property damage.

**2.2.3** The removal of trash from units shall be done in a safe manner and not cause damage to APHA Property (i.e. dragging a sofa down a hallway and scratching the floor, etc.). Such damages can result in reducing the invoice amount if the contractor does not make the necessary repairs acceptable to the property manager.
